High Profile Website Experiences Technical Difficulties

ST. JOHNS – The website established to provide convenient and efficient public access to court records for high profile cases filed in the Apache County Superior Court has been experiencing technical difficulties. As a result, there has been a significant delay in the posting of recently filed documents. In addition, subscribers received duplicate notification when the documents were uploaded.

The source of the problem has been identified and repairs made. The link is now fully operational and may be accessed at <http://apps.supremecourt.az.gov/docs/default.aspx>. Subscription information is available at the site.
