Judge Richard Anderson
Division 1
Superior Court of Arizona
County Court House
Prescott, Arizona

Your Honor:

Due to the emergency condition of the old Chalk Hill flume and the existing danger of a serious wash-out, we are requesting your approval to change locations of our recent pooling agreement construction projects.

We have met with Agricultural Stabilization and Conservation Service and with Soils Conservation Service, they are also in agreeance that the change should be made from Phase III to the emergency condition of Chalk Hill.

Due to the time element and dangerous condition, we feel we have no time to put this project out for bid. We would like, with your approval, to contact McDonald Brothers Construction Company to start work as soon as possible.

Sincerely,

[Signature: Glen W. Everett]
Glen W. Everett, Commissioner
