Division 1

**FORMAL OBJECTIONS TO THE
VERDE DITCH COMPANY AND
SALT RIVER PROJECT
MEMORANDUM OF UNDERSTANDING**

Objection 1.

I would like to object to the continuation of the MOU court proceedings until the Verde Ditch Shareholders can perform its due diligence. In my humble opinion, the MOU is not equitable for the Verde Ditch Shareholders because it removes fundamental rights, safeguards, and protections currently held by the Verde Ditch Shareholders. The MOU has not been completely, accurately, and timely communicated to all of the Verde Ditch Shareholders. Every Verde Ditch Shareholders must be informed and understand the contents of the MOU and the subsequent implications. The MOU does not provide sufficient time for the Verde Ditch Shareholders to collect, analyze, and disseminate historical facts and other pertinent information. The MOU does not include provisions for termination by the Verde Ditch Shareholders. The MOU does not clearly or

accurately identify property zones (green, purple, orange), or openly inform the Verde Ditch Shareholders of any entitlements or regulations based on property zones. The MOU map does ~~not include parcel numbers~~, street addresses, locations, or landmarks needed to precisely identify the Verde Ditch Shareholder's property. The MOU does not preserve the current rights and freedoms of the Verde Ditch Shareholders or enhance their ability to manage, sever, or transfer water rights.

Objection 2.

I would like to object to the continuation of the MOU court proceedings until the Verde Ditch Company and SRP acknowledges, clarifies, and resolves the legitimate concerns brought forward by the Verde Ditch Shareholders. The MOU does not offer the Verde Ditch Shareholders significant insight into the purpose, justification, and benefits of the agreement. Transparent communication will promote the development of mutually beneficial relationships between the Verde Ditch Shareholders, Verde Ditch Company, and SRP.

RESPECTFULLY SUBMITTED this 17th day of July 2015.
