The Court notes that this matter is regarding the ongoing discussions between the Forest Service and the Verde Ditch Company as to the disturbance of the archaeological site in the area of the Ditch Company's pump located in the neighborhood of Chalk Hill.

The Forest Service has presented a set of Stipulations, filed with the Court on this date; stipulating that approximately 300 feet of the ditch is to be realigned and then lined with concrete.

The Court approves the project and approves the stipulations.

IT IS ORDERED that the Verde Ditch Company proceed forthwith to do the necessary construction.

The Court further finds that there are, or may be, ongoing negotiations with respect to the work on the ditch that gave rise to this problem. The Court will take part, as necessary, in discussions with the Forest Service and Department of Justice.
